Dear Father Klaus Koltermann and Parishioners,

**SUB: Letter of acknowledgement and gratitude**

We have received Euro 3200 (Three Thousand and Two hundred) through Fr. George Palimattam CMI.

We express our gratitude towards all partners, especially Fr. Klaus who introduced the partnership programme with CMI Marriet School. We appreciate all those who have joined the partnership programme.

With your support, we ensure that we can reduce the cost of education in this area, to make it more affordable for most of the parents in this village and more children have access to nutritious meals.

We are committed to providing quality education to every child, and we focus on the holistic development of the children. Moreover, your support is a central part of this mission. Through your partnership, you have become a real blessing for us and the students in this part of the world.

Once again, thank you for your generosity.

May God continue to bless you and bless your family.

Your's sincerely,

Fr. Lijin-Thomas CMI
